SUMMARY

Motivated and detail-oriented fresher with a strong foundation in Python and SQLPlus. Passionate about problem-solving, object-oriented programming, and database management. Seeking an opportunity to apply my skills and contribute effectively to a dynamic team.

EDUCATION

Mother Teresa Degree College

B.com [Computer Applications]
2021 – 2024 [81%]

Jawahar Navodaya Vidyalaya

AEC [72%]
2019 – 2021

10th [67%]
2018 – 2019

SKILLS

Programming Languages: Python

Database Management: SQLPlus, MySQL

Concepts: Object-Oriented Programming (OOP)

Tools & Technologies: Git, Notebook, VS Code

Operating Systems: Windows

CERTIFICATIONS

- python full stack development course certificate.

PROJECTS

1. Library Management System (Python, OOP, SQLPlus)

Developed a console-based Library Management System using Python and SQLPlus.

Implemented object-oriented principles like classes, inheritance, and encapsulation.

Designed an SQLPlus database to store book details, users, and transactions.

Enabled book borrowing, returning, and tracking functionalities.

2. Employee Management System (Python, OOP, SQLPlus)

Created a Python application to manage employee records.

Implemented CRUD operations using Python and integrated with SQLPlus.

Applied exception handling and file handling techniques for smooth operation.

Used object-oriented principles for better code organization and reusability.
